EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Hanscom on 10-10-2007.

The application has been amended as follows:

In claim 25:

- a. line 3, the word "dressing", second occurrence, has been changed to --dressings--;
- b. line 4, the word "exchanges" has been changed to --exchanged--;
- c. line 6, the phrase "the dressing" has been changed to --each dressing--;
- d. line 7, the phrase "the dressing" has been changed to --each dressing--;
- e. line 13, the phrase --prior to an exchange of said dressings on the cylinder-- has been inserted after the word "process"; and
- f. line 15, the phrase "a mounting of said dressing" has been replaced by --said exchange of said dressings--.

Claim 26 has been canceled.

In claim 48, line 1, the reference numeral "24" has been changed to --25--.

The above changes have been made to correct minor oversights and to improve the clarity of the claim language.

The following is an examiner's statement of reasons for allowance:

The overall combination structure of a device for storing dressings to be exchanged on a cylinder as claimed including particularly a control unit being usable to compare the detected characteristic applied to all dressings stored in the receiving arrangement with an allocation plan and to determine if the dressings are stored in the receiving arrangement in a correct sequence for the intended printing process prior to an exchange of the dressings on the cylinder, and means in the control unit for generating a warning, as a result of an error in the comparison, prior to the exchange of the dressings on the cylinder, is not taught or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
